Welcome to The Session

The exchange of tunes is what keeps traditional Irish music alive. This website is one way of passing on jigs, reels and other dance tunes. Every week, a new tune will be featured. Some of the tunes are well known, and some are more obscure. It's this mixture of the familiar and the new that makes for a good session.

December 14 2000

This week's tune is a slipjig called "The snowy path".

New! December 15 2000

"The shape of things to come" is a look at what the future holds for The Session. And the future's looking pretty rosy, let me tell you.

Looking for a particular tune?

You can search through the Archive of all the tunes that have been featured on The Session.

My name is Jeremy. I'm from the town of Cobh, county Cork but I'm living in Brighton, southern England now.

I play the bouzouki (melody mostly, not backing) and a bit of banjo, mandolin and guitar.

Re: Making a tunebook with Sibelius?
Totally not the answer you’re looking for but the easiest I found was using ABCexplorer. If you have access to the ABC files, put them all in one file in ABCexplorer. Adjust the settings you want (fonts, headers, footers, spacing, etc) and co more...

Thanks for all these suggestions guys, all very helpful and well worded. I’ll try the DTP first, and failing that put PNGs in a Word document, saved as PDF more...

Thank you that’s the one! Not sure it has a specific name to it – guess it’s just the same as the name of the track. more...
